

Court Matters

More than 8 in every 10 of you know how to contact your lawyer or solicitor and you feel that they know about your case or situation. Most of you understand why you are in court and what is happening there.

However when we asked you to tell us things that no-one was listening to you about (See page 10), court matters were the most common thing you mentioned:

- *Long wait until court*
- *Court matters*
- *My solicitor is not listening to me about wanting bail*
- *When I ask for my next court date*
