Community Engagement

In 2003-04, the Commission was involved in a range of projects involving community engagement throughout the state. These activities included:

- consultation and workshops in conjunction with the Department of Housing's Community Renewal program and community groups about services to children and young people needed on Palm Island
- consultation with a wide range of government and non-government organisations in developing the second annual Snapshot report – *The Wellbeing of Children and Young People in Queensland: a Snapshot 2003*
- consultation with peak agencies to develop an Advocacy training package
- consultation with relevant stakeholders to conduct *Working with Children Kit* Training, and
- consultation through the Early Years Advisory Group and Strategic Network regarding the early years.
